

# THE BLAIRMORE ENTERPRISE

VOL. XVI, NO. 48

THE BLAIRMORE ENTERPRISE

THURSDAY, NOVEMBER 12, 1925

The memorial service at the United church on Sunday night last was very largely attended. The pastor, Rev. W. T. Young, delivered a forceful and appropriate address and the choir rendered a special anthem. A solo by Mrs. D. A. Howe was well rendered. The church was fittingly decorated with national colors and behind the rostrum hung the honor roll, to which reference was made during the discourse.

## CHURCH OF ENGLAND

Sunday, November 15th—  
11 a.m.—Holy Communion.  
2.30 p.m.—Catechism.  
7 p.m.—Evening Service.  
H. Laurence Nobbs,  
Priest-in-Charge.

Mrs. J. M. Carter was taken ill on Sunday morning last and has since been confined to her home.

## BLAIRMORE CURLERS ORGANIZE

At a meeting of curlers held at the Greenhill hotel on Friday night last, the Blairmore curlers were re-organized for another season.

About twenty were present and considerable enthusiasm was apparent. The election of officers resulted as follows:

President—J. A. Kerr.  
Vice-President—K. G. Craig.  
Secretary—Treasurer—Joseph McDougall.

Executive Committee—J. E. Upton, George Sangster, M. G. Rhyas, Dr. J. Olivier and L. L. Morgan.  
A committee was appointed to interview the Arena Company and ask for a reduction in rent.

A resolution was passed, extending the use of three sheets of ice to the Coleman Curling Club for the opening competition of the Crown's Nest Pass.

A new rule was adopted with regards to substituting, to the effect that should a skip be missing from his rink when drawn, the other three players could move up one position and the substitute lead.

The executive were requested to arrange for competitions for the Morgan, Upton and Charbonnier cups. The following twelve skips were chosen: D. G. Mackenzie, W. H. Chappell, J. E. Upton, L. L. Morgan, J. B. Wilcox, J. A. Kerr, J. P. O'Neill, Dr. J. Olivier, A. E. Ferguson, J. McDougall, J. Jenkins and G. Sangster. A meeting of skips will be held in the near future, when a drawing will take place for thirds and seconds. Each skip is expected to provide a green man for trial. (In this connection we might state that we have already been approached.) The following committees were chosen: competition—Kerr, Sangster and McDougall; handicaps—Rhyas, Upton and Chappell; R.C.M.P. referee—Craig. A hearty vote of thanks was recorded the retiring officers.

One of the best filling stations we know of is a first-class dining room.

## ANNUAL MEETING OF THE BLAIRMORE ARENA, LTD.

The fourth annual meeting of the shareholders of the Blairmore Arena, Limited, was held at the Cosmopolitan parlour on Friday night last.

President Dr. J. Olivier presided. There were present, Secretary J. R. Graham, L. L. Morgan, W. A. Beebe, L. Duff, R. W. H. Pinkney, W. H. Chappell, J. McPhail, S. Knapman, J. Montalbetti, W. J. Bartlett, P. Montalbetti, C. J. Tompkins, A. R. Grant.

The minutes of last regular and annual meeting were approved as read. The retiring directors, Messrs. Knapman, Grant and Morgan, were upon motion re-elected for a term of three years.

The report of the secretary-treasurer and auditor for the past year was read and discussed, and upon motion was adopted. The report was not altogether discouraging, despite the fact that general conditions were anything but favorable to successful operation.

The report showed that the receipts for the season had been very considerably bolstered up by the proceeds of the Elks' summer carnival, which netted the arena about \$362.00. The attendance and gross receipts for the 1924-25 season were considerably behind those of the previous season. This was occasioned partly by mild weather and poor industrial conditions. A considerable amount was expended during the season on equipment, which included a hot-water plant and shower baths.

A motion was made and passed that the provincial department of taxation and the municipality of the Town of Blairmore be appealed to for either tax exemption or reduction. It was shown to the meeting that while all over Western Canada, arenas or skating rinks are either all or partially owned by municipalities, Blairmore as a town had practically no interest in this community asset beyond the hope of collecting revenue therefrom.

The president suggested that since the Elks had taken over the senior hockey club, it might be possible to have that organization take over and operate the arena at practically their own terms. In this connection a committee composed of Messrs. Morgan, Pinkney and the president was appointed to approach the Elks and endeavor to make a satisfactory agreement, suggesting that they take over the assets and liabilities of the arena, or otherwise operate same for the season. A committee was ordered to report back as early as possible.

The secretary had written to various large concerns, including the T. Eaton Company, to have their purchase advertising spaces on the interior walls of the arena. A reply from the T. Eaton Company was to the effect that they did not adopt such system of advertising. An offer was made to the Alberta Advertising Company of Calgary, that the entire advertising wall space be allowed them for a consideration of \$200.

Matter of appointing an ice maker was left with the directors.

## CAWTHORNE-OLSEN

The wedding of Annie Cawthorne, daughter of Mrs. L. E. Drake, Victoria, B.C., to Dr. Martin Olsen, of Duncan, B.C., on Thursday last, will be of interest to her many friends in the Pass.

Mrs. Olsen, formerly of Bellevue, where she went through the public and high school, taught for two years in Hillcrest and Passburg. She then moved to the coast, where she trained in the Vancouver general hospital. Prior to her marriage, she had been practicing in Victoria.

Dr. and Mrs. Olsen will reside in Duncan.

Mayor and Mrs. A. McLeod spent Thanksgiving at Calgary, returning Wednesday afternoon.

## MEMORIAL SERVICE LARGELY ATTENDED

The annual services in memory of those who fell in the Great War, held at the local opera house on Monday afternoon, was very largely attended and successful.

Fully five hundred adults and about three hundred school pupils attended. The choir was occupied by Mr. J. E. Gillis, in the absence of Mayor McLeod. The singing was assisted by Mr. Upton's Junior orchestra, and forceful addresses were delivered by the chairman and Revs. Father Cosman, H. Laurence Nobbs and W. T. Young.

"Lost We Forget" was rendered as an anthem by the massed choirs of St. Luke's Anglican, St. Anne's Catholic and Blairmore United churches. The service opened with the singing of "O God, Our Help in Ages Past," followed by prayer by Rev. Father Cosman, and scripture reading by Rev. W. T. Young. Then the new special hymn, "O Valiant Hearts," etc.

Following a prayer, "Commemoration of the dead," by Rev. W. T. Young, the "Roll Call" was made by Mr. J. W. Graham, followed by The Last Post, sounded by troops G. and W. J. Evans. During the Roll Call, the Dead March was feelingly rendered by the organist, Mr. Glyn Thomas.

Following the National Anthem, benediction by Rev. H. L. Nobbs brought the service to a close.

Sergt. Tomlinson, of the R.C.M.P. detachment at Newgate, B.C., has been transferred to Gleichen, Alberta.

## AT UNITED CHURCH NEXT

Services both morning and evening will be held at the United church on Sunday next.

At the morning service the special speaker will be the Rev. J. T. Ferguson, D.D., superintendent of missions. Dr. Ferguson has a message of especial interest to all, dealing largely with the consummation of union in Canada. In the evening, at 7.30, the service will be addressed by Rev. Capt. A. J. Bruce, returned missionary from China and Japan. Those who have heard Mr. Bruce acknowledge him as one of the most forceful and interesting speakers of the day.

## DON'T FORGET THE

### R.O.B. PLE SOCIAL

We wish to again remind our readers of the Ple Social to be staged tomorrow night at the United church, under the auspices of the Blairmore Old Boys' Association.

Upwards of one hundred pies will be on hand for this novel event, and the programme that has been arranged by the young people will ensure a pleasant evening.

Supper will be served in the adjoining hall, where arrangements are being made to accommodate the hundreds.

A prize will likely be offered the person who will eat the largest number of pies.

Be sure and be on hand sharp at 8 o'clock.

A resident of Hillcrest recently became the proud owner and possessor of a thoroughbred Newfoundland dog.

### LOCAL BOYS SETTLED DOWN WITH DULUTH

Local hockey enthusiasts will be very interested in the following letter received last week by Harry Scott, the sport editor of the Calgary Alberta. Reddick was a member of the Blairmore all-star hockey team for several seasons, while Gainer played for several seasons with Bellevue.

1218 1/2 East Second Street,  
Duluth, Minn., Oct. 27, 1926.  
Hello Harry—I get the Calgary Al-  
berta every day and just finished  
reading your sport sheet of October  
24 and thought you would appreciate  
a little dope on the Duluth club.

"Loucksey" and I feel a little like  
the black sheep of the flock with  
Lloyd, Josh and the boys in Minneap-  
olis. But don't let the people at home  
forget that we are trying hard to  
carry the Calgary banner in Duluth.  
Clarence Reddick is here and should  
fill in nicely, alternating with Jim  
Seaborn at right defence. Also "Dutch"  
Gainer is with us. We were very  
disappointed to lose Tiny, but have  
Vern Turner, last year's goaltender  
for Cleveland, so we will be well fixed  
in goal; Seaborn and Reddick at right  
defence; "Loucksey," Allaire and  
Gainer at left; Mike Goodman, Leo  
La France on left wing; Rube Bran-  
dow, Ken Dunfield, Joe Debenard,  
right wing; Johnny Mitchell and my-  
self at centre. We also have another  
real centre man, but I am a little  
afraid he will be a little light for a  
few years. Lewis, Jr., is his name.  
So you see our club is pretty well  
lined up and with a few breaks and  
the wind in our favor you should hear  
a little from Duluth.

With Winnipeg, The Soo, St. Paul,  
Minneapolis, Eveleth, Pittsburg and  
Duluth we will have a nice league.

Lloyd has a whole crew of young  
kids, with Ripley, Adams, Mitchell,  
Coony and Welland, who played with  
the Owen Sound Juniors, and Jackie  
Connelly, of Winnipeg, but they are all  
"going hounds." The boys will be  
playing against teams with older and  
more experienced players, but their  
ruggedness and natural ability will  
probably make them real contenders.  
When you see the boys on the  
Tiger club tell them I will sure be  
down to Minneapolis to greet them  
to the land of clear flowing water  
(that's all that flows).

Our rink will open around Novem-  
ber 5th. It was made into a large  
cabaret during the summer months.  
HERB LEWIS.

### PRINTED ENVELOPES

The United States postmaster gen-  
eral said recently that if everyone  
who wrote a letter would take the  
simple precaution of putting a return  
address on the upper left hand corner  
of the envelope there would be no  
need of a dead letter office; it could  
go out of business at once. As it is,  
it costs the government about three  
million dollars a year to handle the  
nine million letters that go astray.  
And that, of course, takes no account  
of the losses to the sender or the in-  
tended recipient through the business  
letters that never reach their destina-  
tion because of a little carelessness.  
The same holds true in Canada. The  
post office asks that the name should  
be printed on the outside of the en-  
velope on all business letters. Your  
local newspaper office will supply you  
with envelopes with the printed ad-  
dress for a very low price. Call and  
get prices and help the postal depart-  
ment.

### BELLEVUE HAPPENINGS

Mr. and Mrs. Fred Ulay spent the  
week end in Lethbridge with friends.  
Mr. and Mrs. E. C. Costick motored  
to Calgary on Saturday afternoon  
to spend Thanksgiving.

Miss Ina Wood had quite a num-  
ber of her young friends in to her  
birthday party on Saturday night.  
They report having enjoyed a right  
royal time.

Friends of Mr. Hughie Hutton will  
be sorry to hear of him being so ill in  
the Colonel Belcher hospital in Cal-  
gary. We hope soon to hear that he  
is on the way to recovery.

Our Bellevue mine officials all took  
their training in the mine rescue car  
on Wednesday and Thursday of last  
week. Four full teams, and by next  
training is due a fifth. Go to it,  
Roy!

The mine worked three days last  
week and we are hoping for a fur-  
ther improvement and that soon we  
will be working full time with full  
crews. The change of men took place  
at the week end. We hope that it  
will be the last time that this will be  
necessary.

Sunday night memorial service for  
our heroes of the Great War was con-  
ducted in the United church by Rev.  
J. W. Oliver, assisted by war veter-  
ans F. Padgett, J. Longworth and  
J. Tutti. Appropriate solos were  
rendered by Miss Hulme and veteran  
Caringburn, of Frank. An original  
order to cease hostilities at 11 a.m.,  
November 11th, 1918, was on view in  
the church. This is the property of  
Rev. Mr. Oliver. The service was  
very impressive and the church was  
crowded to the doors.

Mr. and Mrs. Albert Hallworth en-  
tertained a number of their friends  
to a court whist party a few nights  
ago. Those present were Mr. and  
Mrs. N. McDonald, Mr. and Mrs.  
Johnson, Mr. and Mrs. Costick, Mr.  
and Mrs. C. Emmerson, Mr. and Mrs.  
Gibby, Mr. and Mrs. B. Berry, Mr.  
J. McIntyre, the Misses Hazel and  
Irma McDonald, Miss Emmerson,  
Miss Hulme, Mrs. Johnson and Mr.  
Berry carried off the honors, presen-  
ted by Mr. Costick in his own inimi-  
table manner. Refreshments and  
music filled in a most enjoyable even-  
ing.

The juvenile hockey team held a  
whist drive and dance on Friday night  
in the I.O.O.F. hall. Twenty-six  
tables were occupied and at the close  
Mrs. C. Miller and Mrs. J. Fisher  
were declared winners of the ladies'  
first prize and consolation respective-  
ly. Mr. Larway and N. McDonald  
were awarded the first and bonus for  
the gentlemen. A bountiful supper  
was served by the boys and dancing  
to the lively strains of music from  
Madden's orchestra was kept up until  
2 a.m. Everybody voted it a real  
good time and wished our juvenile  
hockey team a successful season.  
—Observer.

### GREEN BROTHERS ACQUITTED

Green Brothers, Herbert F. and  
Reuben Charles, against whom a  
charge of intent to defraud was laid,  
were found not guilty by a Lethbridge  
court last week and were honorably  
acquitted.

The charge arose out of the burn-  
ing down of the defendants' ware-  
house on Fourth Avenue S., on the  
night of March 18th last. The de-  
fendants put in a claim for certain  
skins and furs said to have been de-  
stroyed by the fire, namely, 108 coy-  
ote skins, 180 weasel skins, six bear  
skins, with beaver and mink. The in-  
surance companies disputed the claim  
on the ground that when the fire ad-  
justers visited the premises there was  
no evidence of the previous existence  
in the building of the amount of  
skins and furs claimed to have been  
burnt. The contention of the defence  
was that there were several skins  
hanging on the wall, and, as the fire  
was of an intense nature, with 2000  
degrees Fahrenheit, there could not  
possibly be any vestige left of the  
skins burnt.

### WOMEN TO KEEP MALE HAREMS

In the world of the future women  
will rule the state, do all the im-  
portant work, do the courting, dominate  
over the household, and in some cases  
even keep a harem of men.

At least, that is the prediction of  
Miss Cecil Barrett, an English femi-  
nist, made at the Feminist Congress  
recently held in Copenhagen in the  
presence of delegates from twelve  
nations. Miss Barrett was elected  
president of the congress and the con-  
gress unanimously adopted her plat-  
form.

"Our battle," said Miss Barrett, in  
her opening speech, "is just entering  
upon the decisive moment. Many of  
our sex believe the emancipation of  
women has already been accomplished,  
our programme fulfilled. This is a  
mistake. Life knows no standing  
still. The present political and eco-  
nomic situation of the women of Eu-  
rope has brought a flood of new prob-  
lems, of which no feminist would  
have dreamed ten years ago.

"It is the destiny of women to

A Palling Ad  
Why, Hells, Pat, I hear you lost  
your job in the department store.  
Oh, yes, I got fired.  
You got fired? How did that hap-  
pen?  
Oh, I just took a sign from a lady's  
shirtwaist and put it on a bathtub.  
And you got fired for that? Well,  
tell me, what was the sign?  
—It said, "How would you like to see  
your best girl in this for \$2.75."

Latest dispatches from Ottawa state  
that as no party or group has a clear  
majority in the house of commons,  
Premier King has decided to continue  
at the head of the government and  
meet parliament, which will be called  
at the earliest possible date. The  
election returns give the Conserva-  
tives 118 seats, Liberals 100, Progres-  
sives 23, Labor 2, Independent 1,  
doubtful 1.

break the domination of man and to  
drive him from that place which he  
still holds in all branches of public  
life."

Remit by Dominion Express Money Order, or Postal Note.

### Here and There

"Canada has the greatest opportunity of any community on the face of the earth," stated St. Joe Strachy, editor and proprietor of the London Spectator, in the course of a recent address before the Canadian Club. He stressed the advantages the country enjoyed in her large wheat area, electrical energy, wood pulp and mineral assets.

Between 20,000 and 25,000 men are expected to work the forests of the Province of Quebec during the coming winter, according to the chief forester of the province. It is anticipated there will be a good season in the pulp and paper products, but that the cut of lumber will not be so heavy owing to the low price prevalent for sawn lumber.

Cordial relations between the ports of Quebec and Liverpool were emphasized recently by the exchange of cables by the respective Chief Magistrates of the two cities. The occasion was the Civic Week Celebration at Liverpool when the Lord Mayor, Thomas Bowd, sent Mayor Joseph Samson, of Quebec, greetings to which the latter responded.

A record for October weddings was established at the Windsor Station, Montreal, early in that month, when twenty couples invaded the Concourse on their way to Boston, Quebec, Ottawa and Toronto. Two of the bridegrooms were bounced following time-honored custom. It used to be the fashion to subject brides to this usage, but since the advent of short skirts the practice has been frowned upon.

Establishing what is easily a world record for movement of wheat, grain poured into Port William and Port Arthur elevators at the rate of nearly thirty bushels a second for the whole of the 24 hours of October 5, from Canadian Pacific Railway cars. In all, 1,704 cars were unloaded during the day and each car carries an average load of 1,500 bushels, representing a total of 2,556,000 bushels.

Driving into stationary trains on level crossings seems to be a favorite sport on the part of a number of motorists judging by reports coming in recently from different sections. The latest is from Galt, where an automobile, in broad daylight, ran into a freight train consisting of 18 loaded and 15 empty cars standing in plain view on a crossing. Fortunately no one was hurt, but the instance is another of gross carelessness on the part of motorists.

The Grand Challenge Cup, emblematic of the First Aid championship of the entire system of the Canadian Pacific Railway, was won by the Weston Shops team, of Winnipeg, champions of the West, against McAdam, N.B., team, champions of the East and last year's winners, after a searching test of the two teams conducted at the Place Viger Hotel, Montreal, recently. The margin between the two teams was so narrow as to be in doubt to the last moment. Weston took 507 points out of a possible 672 and McAdam had 499.

Tourist traffic development throughout Canada has reached such proportions as to equal the value of a fairly good wheat crop, and such development has only just begun, is the opinion of Colonel Phil. Moore, of Yale Valley, B.C., interviewed recently. He thought that an estimate of three hundred million dollars spent by tourists annually in Canada was not too high. Growth of interest in the Canadian Rockies was very noticeable and although the majority of tourists there were Americans, yet Canadians, too, were beginning to discover them, said the Colonel.

### Here and There

Major-General Sir Paul Warr, vice-chairman of the Imperial War Graves Commission, who has been visiting in Canada during October, has been recalled to England much earlier than he expected. Prior to sailing on the Canadian Pacific liner, Montclair, from Montreal, he expressed the hope that he would be able to come to Canada again next spring so that he would give Canadians in the West some idea of what the Imperial Commission is doing in caring for the graves of western youths who perished during the war.

Robert L. Rice, Jr., of Boston, and J. Y. Oak of Harvard, took big chances when they attempted to travel by canoe from Rouyn to Angliers at the end of October. Although they started in beautiful Indian summer weather they ran into a few hours into a bad storm which filled their canoe with half melted snow and almost froze them into unconsciousness. Fortunately they arrived in the nick of time at a fire-ranger's hut where they stayed a few days until the storm abated. They were prospecting in the neighborhood and were none the worse for their perilous trip when they finally reached Montreal.

Bob Shawkey, New York Yankees veteran pitcher, who organized the party of major-league baseball players now hunting big game in New Brunswick, shot a moose with antlers spreading 56 inches and having 28 points, according to word received at Fredericton, N.B. Shawkey shot his moose the first day the party spent in the woods. This information is conveyed by another party of hunters, who passed the camp of the ball players at Nepisiqui Lakes. In the group are some of the best known players in the American League, Eddie Collins, Babe Ruth and Muddy Ruel being among them.

The romance of a world cruise culminated in New York City recently when Dorothy Holmes, O'Ryan's daughter of Major-General and Mrs. John P. O'Ryan, of New York, married Darwin Curtis, of Chicago. This couple met for the first time a year ago on board the Canadian Pacific liner Empress of France which was then making a tour of the world. It is feared they had no eyes for this world marvel which were unrolled before them on the tour, since it is stated they fell in love at first sight and could only see each other. The marriage was performed by the Rev. Father Francis P. Duffy, chaplain of the "Fighting Sixty-ninth," a regiment commanded by the bride's father during the war.

Good reading for Canadian Pacific shareholders is furnished in the September statement of gross earnings, working expenses and net profits. It has been the most favorable month for the company in a long time. The gross earnings were \$18,909,071, the greatest shown in any month since October, 1924. Operating expenses were \$12,641,458 and the difference between the two, the net profits, \$6,267,613, an increase of \$1,719,973 over the corresponding month of last year. Net earnings for the first three quarters of this year, ending September 30th, is \$1,150,000 greater than the 1924 figures, despite a decrease in gross earnings of over four and a half million dollars. This was made possible by the company's policy of rigid economy.

Tourist—Brother! We've climbed to the top of this mountain to see the view and we've forgotten the glass.  
Scottish Guide—Och! Never mind, there's nobody about. We can just tak' it out o' the bottle.

### Here and There

Wishing farewell and bon voyage to the celebrated writer of the Scarlet Pimpernel, a bouquet of scarlet pimpernel was presented to Baroness Orczy, when she embarked with her husband, Mr. Montagu Barrow, on the SS. Montclare of the Canadian Pacific line, for England. The presentation was made on behalf of the company by Capt. Geo. Webster and President E. W. Beatty's card was attached. Baroness Orczy came out to Canada to assimilate local colour for a new book, which will be eagerly awaited here.

Motor tourists from the United States brought \$150,000,000 in revenue to Canada in 1928, according to estimates of government officials. This sum is equal to a quarter of the value of the Dominion's wheat crop and approximates the value of the annual mining output of Ontario, Quebec and British Columbia combined. More than 2,000,000 American automobiles, it is estimated, have crossed into Canada this fall. They carried in the neighbourhood of 9,000,000 persons, or a number equal to the total population of Canada.

C. B. Foster, passenger traffic manager of the Canadian Pacific, states that the success of the crop in the West this year will make money more free and is bound to stimulate travel between Canada and the Old Country. To handle the expected increased volume of traffic, his company, he stated, will run special trains early in December connecting directly with the company's Atlantic liners, sailing from the winter port of Saint John, N.B. These liners sail on dates that are calculated to get passengers home to any point in the British Isles or the near continent in plenty of time for Christmas.

Taking the North American moose over to Europe with a view to acclimating it in Northern Europe is in part the aim of Heinrich Carl, Count Schimmelmann, one of the largest and owners in Denmark. The Count and Countess were taken to the Caine river district, where they spent three weeks. During this time they walked an average of fifteen miles a day for twenty days, covering three hundred miles on foot, not reckoning the distance they traversed in canoe. They went to the woods of Northern Quebec for another shot at the elusive moose before sailing for home on the Canadian Pacific liner Montclair.

A recent epidemic of motor accidents, five of which occurred in one night, though luckily none of them proved to be fatal, elicited the following editorial comment from the Montreal Star: "That five drivers of automobiles should drive their cars into moving trains within a period of twenty-four hours in Canada would seem to indicate that carelessness is the main cause of accidents. The location of level crossings is either well-known or clearly indicated at a distance that gives even a fast driver ample time to stop. At many such crossings bells automatically ring as trains are approaching. At others, bar gates are let down. Some are open—these almost entirely in the country districts. But despite all safeguards, warnings, signals, and precautions, accidents continue to happen at level crossings with an alarming consistency. In some incidents, indeed, it almost looks as though the drivers were determined to defy all attempts to ensure caution." The paper calls for cancellation of driving license in cases like the above.

### SOME LINES THAT MIGHT HAVE BEEN RE-WRITTEN THUS

Many are called but few get up.  
People who live in glass houses should pull down the curtains.  
As ye sow, so shall ye rip.  
A hair on the head is worth two in the brush.  
Where there's a will there is a law.  
Useless rests the tooth that wears a crown.  
None but the brave go to a fair.  
It's a long lane that has no garage.  
A stitch at nine may prevent a rip at ten.

### An Epitaph

Here lies the boy whose crown was  
By blowing in an empty gun, [won  
As soon as in the gun he blew,  
Up the golden steps he flew,  
And met the girl on Heaven's green  
Who lit the fire with kerosene.

### BUYING CHEAP PRINTING

A large Winnipeg concern had a printing job the other day and, in order to get it done as cheaply as possible, the buyer instructed the office stenographer to write to twenty printers to come and get the job—not to quote "Get the Job." The printing salesman of course all appeared promptly and were very much surprised when the buyer informed them that he wanted a quotation from each one of them first. The job was not written out, but he told each salesman as he appeared that he wanted 100 cards with so many lines of printing on it. The lowest bid was \$7.00, the highest \$9.00. The buyer spent 40c for postage 10c for letterheads and 10c for envelopes by writing to the printers. He spent 40c worth of the stenographer's time in writing, folding, sealing and stamping the twenty letters. The buyer was interviewed three times by each one of the twenty printers, once for the enquiry, secondly when they submitted

their quotation, and thirdly when enquiring for the job. He spent about fifteen minutes time with each salesman during each interview, not considering that it must have taken him at least five minutes after each interview to get back to his work and, considering his salary at \$250.00 per month, the interview cost the concern \$12.75—the buyer finally placed the job with the "lowest bidder" for \$7.00. But it actually cost the concern \$20.75.—J.S.

High School Teacher—"Who can tell me something about Nero?"  
Bright Pupil—"Is he the one mentioned in 'Nero, My God to thee?'"

Oh, merchant, in thine hours of e e e,  
If on this poem you should c e c,  
Take my advice, and now be y y y,  
Go straight out and adverti i i i!  
You'll find the project of such u u u,  
Neglect can offer no ex q q q;  
Be wise at once, prolong your d a a s,  
A silent business soon d k k k!

## Spade Work That Gets The Trade

To get steady sales in satisfactory volume, you must build up confidence in your store and its service.

Advertising in "The Enterprise" will lay the foundation of such confidence. Advertising does the spade work that leads to bigger sales. It will tell folks about your store, its service. It will tell them about the goods you have to offer.

Let your advertising in "The Enterprise" be a standing invitation to the folks around here. As a rule,

### SEVEN COMMON MISTAKES

Here are seven common mistakes of life:

1. The delusion that individual advancement is made by crushing down others.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible, because we ourselves cannot accomplish it.
4. Attempting to compel other persons to believe and live as we do.
5. Neglecting development and refinement of the mind by not acquiring the habit of reading fine literature.
6. The failure to establish the habit of saving money.—I. P. Monthly.

The Red Deer school board has decided on a fee of \$75 for non-resident tuition.

### THE FOLLOWING HAPPENS AT THE UP-TO-DATE HOTEL

Visitor—"Bring me some cracked ice right away!"  
Bellhop—"Yes, sir; and have you your own corker, sir, or shall I fetch one?"

Little Jimmie was invited to spend his vacation at the home of his aunt who lived out of town. But strangely enough, he didn't want to go.  
"She's got a new washing machine," the boy declared. "It's had enough to wash myself by hand, but I ain't going to be washed by any machine.—London Life Magazine.

There are 20,000 eggs in the flank of a house fly. Immediately they are hatched these 20,000 maggots get to work, so that three house flies would suffice to devour the body of a horse or lion.

### YOU HAD BETTER

Help yourself than yelp to others for help.  
Be a little fellow going up than a big fellow coming down.

Pin your faith to pluck than waste your breath pursuing luck.  
Be safe in selecting your investments than sorry for your folly.  
Be a power in your community than a perplexing problem for it.  
Provide for your old age than argue that the world owes you a living.  
Give your friend an occasional bouquet along the way than a hearseful on his funeral day.

Harry Collins, a painter, met instant death when he came in contact with a high-voltage wire while decorating the interior of the Calgary power station. He was a veteran of the Great War and is survived by a wife and two small children.

## Breaking New Ground in the Rockies

(1) Surveying the Glacier from a neighboring peak. (2) Paul McIntyre, 19-year-old son of J. B. McIntyre, of Providence B. C., with the Swiss guide Hanser, entering the newly discovered ice cave on the Hiclielt Glacier at Glacier B. C. (3) The summit of the Hiclielt Glacier. (4) A view of the glacier from a neighboring peak.

The fastnesses of the Rockies abound in virgin territory small boboleigh each having 12 spikes distributed evenly over the surface and about 1 1/2 inches long.  
I never touched by the foot of man and one of the latest of these to be traversed is the Hiclielt Glacier where a new ice cave has been discovered this year of which the photo above gives a good idea. It was found by Chris Hachler, one of the Swiss guides stationed at Glacier B.C., and the secret to it was made in September by 19-year-old Paul McIntyre, an annual visitor with his family to Glacier, the guide and W. J. Oliver of Calgary. Mr. Oliver describes the adventure as follows:—  
"It was a glorious day. Mount Sir Donald was crowned with a circular cloud like a halo; the vegetation was at its peak and with the early morning dew the valley was filled with a delightful fragrance. After walking through massive timber we gradually emerged into jackpine, brush, and on to the tongue of the Glacier. Here were the headwaters of the Hiclielt River. Wending its way down the steep valley from this huge Glacier. Our progress from this point was somewhat slower, our good trail had been left far behind; the first 1,600 feet was over rock and moraine, crossing freshets and miniature waterfalls from the ice above. As soon as we reached the ice we adjusted the crampons to our feet, these crampons are made of iron and are similar to a

small boboleigh each having 12 spikes distributed evenly over the surface and about 1 1/2 inches long.  
Travelling along these huge crevasses is very thrilling at times there was only a walking surface of 2 feet and on either side of this narrow ledge of ice were drops from 1,200 feet. Chris Hachler the Swiss Guide led the way and roped to him was Paul McIntyre and self. Our course over the ice field was continually brought to a halt on account of a huge gully in the ice being too wide to cross, we would then have to travel either up or down along the base of one of these huge crevasses, it proved to be 10 feet high and 20 feet wide, the sides were worn like the sands after an ebbing tide and with the strong sunlight that was coming in at its entrance these pieces of jutting ice resembled like huge diamonds. Right in the centre across the valley, framed by this wonderful oval cave stood the Swiss Peaks and Mt. Hermit.  
Leaving here we travelled on to the ice areas near the top of the Glacier and it made the unaccustomed stand in awe to see the Swiss Guide and Paul McIntyre run around these ice columns and up and down the sides of their steep ice banks like children at play."

ARMISTICE DAY  
SERVICES AT BELLEVUE

The Armistice Day services were observed in the Catholic church at Bellevue by a High Mass and Requiem in the morning for the deceased soldiers. In the evening at 7.30, a special service, consisting of an address and benediction, was also held. Many returned soldiers were present. Rev. Father Desnoan delivered a lengthy and interesting address, during which he stressed the necessity of having Armistice Day separate from any other holiday, stating that it was of tremendous importance to Canada and the Empire and should not be mixed up with other feasts.

"Before we were married, Henry," said the young wife reproachfully, "you always gave me the most beautiful Christmas presents. Do you remember?"

"Sure," said Henry cheerfully, "but, my dear, do you ever hear of a fisherman giving bait to a fish after he had caught it?"—Maritime Merchant.

Mr. M. Sartorius returned a few days ago from Calgary, whither he had accompanied his eldest daughter, Miss Mary, who has taken up Grade XI studies at St. Mary's academy.

The very latest libel on the Scot. is the story of a native of Glasgow who ordered a suit from his tailor and after he had it for six months became finally conscience-stricken and sent back the other pair of trousers.

A FAITH THAT  
MOVES MOUNTAINS

The Carleton News remarks: "The Lord made the grain itself. He can make No. 1 hard wheat out of snowed-under grain if He chooses. Cheer up! Most of our troubles never happen!"

Saturday next closes the shooting season for Hungarian partridge.

Uncle Sam's split on the 1925 world's series amounts to \$118,285, according to the figures made public recently.

Personally, we never expect to have any trouble with our appendix. We think the dentist pulled it out when he fetched our last tooth.

Two young men who left Coleman several days ago on a day's hunting trip, have not turned up and search parties are scouring the hills looking for them.

Premier Mackenzie King has announced that parliament will meet on December 10th, provided the legal requirements can be met. All the defeated members of the cabinet holding portfolios, with the exception of George P. Graham, minister of railways and canals, have handed their resignations to the prime minister and these have been accepted. Portfolios held by the ministers who have resigned will not be filled until parliament meets and the attitude of the members is made known.

LIQUOR CONTROL BOARD  
MAY TAKE CHARGE  
IN SMALL TOWNS

EDMONTON, Nov. 9.—The Journal says:

"The question of the sale of beer by the Alberta liquor control board in smaller towns, instead of from warehouses operated by the breweries, is still under consideration by the board, and no decision as to the future policy has yet been arrived at."

The brewers of the province have been notified by the board that its present intention is to handle the sale of beer in rural points by the vendors and Commissionaire. Dining says the board will be in a position to give the customers equally as good service as was furnished by the breweries. This proposal would mean the consolidation of warehouses run by different breweries in the smaller places into one central warehouse operated by the board, where any brand of Alberta beer desired by the customer would be obtainable.

On this proposal the breweries have been asked to state their objections, if any, and to offer counter proposals. In the meantime the decision has not been put into effect.

The new policy in handling beer will not affect the situation in the larger centres, where the sale from warehouses will be continued as at present.

CONSERVATIVE PARTY'S  
TOTAL MAJORITY 318,613

TORONTO, Nov. 3.—By provinces and parties the total majorities cast in the electoral divisions reporting to date are approximately as follows:

	Lib.	Con.	Prog.
P. E. I.	2,098	389	—
N. B.	726	30,225	—
N. S.	1,096	34,247	—
Quebec	163,517	10,009	—
Ontario	11,109	212,195	1,949
Manitoba	1,900	8,800	4,800
Sask.	18,390	—	4,480
Alberta	4,600	7,900	5,800
B. C.	1,910	14,502	1,920
Yukon	—	406	—
Totals	195,356	318,613	19,349

Labor, in Manitoba, 2,114; Independent, in Quebec, 4,258.

The junior seat in Queens, P.E.I., and the constituency of Peace River, Alberta, where the results are still regarded as doubtful, are not included in the above.

Rev. W. A. Lewis, B.A., formerly of Macleod, has accepted a unanimous invitation to become the settled pastor of Victoria United church in Calgary.

## HILLCREST HAPPENINGS

Joseph Royle left on Saturday's train for Stately, having recovered from his recent illness.

As Monday was a holiday, the First Aid class at the school was held on Tuesday after school.

Tony Casagrande, Tom Davis and Hugh McVicar have no time to talk these days, being busy installing radios.

Notices are posted, asking for tenders for the position of ice-maker for the rink, offering a salary of \$100 per month.

The regular convention of Turtle Mountain Lodge, K. of P., took place in the Castle hall on Tuesday night, when several candidates were instructed in the degree mysteries.

Mr. and Mrs. Ed. Royle, Mr. and Mrs. Dan Hovcroft and Rev. C. H. Finner motored to Blairmore on Thanksgiving Day to take in the memorial service.

A pleasant time was enjoyed by all those attending the second of the winter series of what drives at the Castle hall on Friday night. Twenty-two tables were set and all occupied. The winners were: Ladies' first, Miss Annie Clark; ladies' consolation, Miss Nellie Royle; gent's first, W. Hillas (Coleman); gent's trophy, Mr. John Makis. After the drive, refreshments were served in the style that only Pythian Sisters know and then until 2 a.m. dancing. Music by Norman Miller, piano, and Joe Jacobs, violin.

## THINGS OF BEAUTY

A country road, winding over a hillcock, drenched in the pure light of dawn.  
A diamond flush.  
Trees bending before the drizzling storm, lashed with the hurl of the rain.  
A rollop over the score-board.  
A group of stately elms, new-clothed in April's first brilliant emerald.

A tall one on a hot afternoon.  
A purple sunset rimmed with crimson.  
A mounting sales-curve.  
The delicate form of a perfectly proportioned woman.

A tall blonde with a stack of hats.  
The supreme grandeur of a distant snow-capped peak, pendant like a jewel in the blue sky.  
A fat bank balance.  
It just depends on what you like.  
The Pessimist.

THANKSGIVING SERVICES AT  
BELLEVUE WELL ATTENDED

The Thanksgiving services held at the Bellevue United church on Sunday last were very largely attended. On Sunday evening the G.W.V.A. members attended in a body and presented a wreath of poppies. Mrs. Mr. Oliver was assisted in this service by local war veterans. The choir rendered special music and Miss Holmes sang two solos, "There is a Green Hill Far Away" and "In Flanders Field."

The church was appropriately decorated by the intermediate C.G.I.T. girls.

On Monday evening a chicken supper was served in the basement of the church, at which approximately 250 persons sat down. People of the congregation were very generous with gifts of good things for the supper. Following the supper, a lecture by Rev. Dr. A. S. Tuttle, principal of Alberta College, South Edmonton, on the subject, "A Religious View of Evolution," was much enjoyed. The church was crowded to the doors for the lecture. It was a magnificent discourse, interesting, held, instructive.

During the evening the following musical items were rendered: Pianoforte Solo, by Miss Helen Cormier.

Musical Duet, by Mr. Wood and Gertrude May.  
Readings, by Peggy Cole.  
Vocal Solos, by Miss Hulme.

The church orchestra, under the leadership of Mr. W. J. Harris, rendered some splendid selections.  
The intermediate C.G.I.T. girls rendered two choruses.

The Church Board and Ladies' Aid, together with the Pastor, would like to thank all for their support in making the services such a huge success.

## COWLEY HAPPENINGS

Rev. Griffith held divine service in the Presbyterian church here on Sunday evening.

Miss Edna Fulton, of Blairmore, is a guest of Mrs. Morrison and family at present.

Threshing is in full swing in this district at present, weather conditions being a bit improved.

Miss Hilda Hannan has returned to Calgary, after spending Thanksgiving with her parents here.

Arthur Brockwell has returned home from Calgary, where he has been taking medical treatment.

Ralph Easterbrook, of Calgary, spent a few days this week visiting relatives and friends here.

Miss May Bennett, of Lundbreck, was a guest of Mrs. George Porter and family over the week end.

Several of the local folks attended the annual Armistice ball which was held in Fincher Creek on Thanksgiving Day.

Miss Minetta Crowe, Mrs. Lionel Peel and Mr. A. N. McDonald attended the teachers' convention at Lethbridge last week end.

The road travellers have now reached Cowley, the travelling of the highway between Fincher Station and Cowley being completed.

Jesse Mansfield charged with the murder of George Whiting, was at the criminal assizes at Cranbrook found guilty of manslaughter and was sentenced to fifteen years' imprisonment.

To bring the Arctic within the scope of tourist traffic is the object of the Marquis M. N. de la Abizal, winter sports director at Lake Placid, who is organizing pack horse trips of thirty days' duration next year from the Canadian Pacific Rockies as far north as the Columbia Ice Fields within the Arctic Circle. "We are going to swim our horses and outfit across the Saskatchewan River" and camp near the sources of the Athabasca which empties into Great Slave Lake and thence into the Arctic," the Marquis asserts. The first of these trips is scheduled between June 23 and July 10 next year.

## ORPHEUM THEATRE BLAIRMORE 2 NIGHTS COMMENCING NOV. 18 ONLY WEDNESDAY

World-Tour — Under Direction of Hugh D. Wilson  
Business Manager W. Leonard Howe  
Sole Canadian Representative Basil Horfall

### The Life Story of John Lee

Three times they tried to hang him. Three times they failed.

# THE MAN THEY COULD NOT HANG

Founded on Fact and Every Incident True. A Story known wherever the British Flag Flies.

Press and Public are Enthusiastic About This Super-Film

"Open for a week but remained. "Keeps the audience spell-bound a second week, which indicates and packs the theatre; both matinees much interest was aroused."—Times and Night—London (Ont.)  
—Mail and Empire, Toronto. Free Press.

## PREMIER KING DECIDES TO MEET PARLIAMENT

Ottawa.—It is officially announced that Premier King will meet parliament. The House of Commons will be called at the earliest possible date.

Premier King's statement reads: "After careful consideration of the constitutional precedents and the bearing upon the situation which has arisen as a result of the general election, the cabinet decided unanimously that it is their constitutional duty to meet parliament at the earliest possible moment, regard being had for the legal requirements with respect to the time necessary for the return of the writs and the official meeting of members who have been elected."

The latest cabinet return having made it apparent that as a result of the general election held on October 23, no one of the participating political parties will, of itself, have a clear majority in the House of Commons when parliament assembles, it became the duty of the prime minister to ascertain the wishes of the House of Commons. His Excellency the Governor-General with the situation and to advise His Excellency as to the course which should be pursued. After several interviews with His Excellency at which the position brought about by the recent general election was fully discussed and all alternatives presented, I have taken the responsibility of advising His Excellency to summon parliament for the earliest practicable date in order to ascertain the wishes of the parliamentary representatives towards the very important question raised by the numerical position of the respective political parties. His Excellency has been pleased to accept this advice.

"In the interval until parliament assembles, it is the intention of the government to refrain from making appointments beyond such as are essential for the proper carrying on of the public business."

"In the present situation, there are three possible courses of procedure, each of which has been carefully considered by the cabinet.

(1) That His Excellency be asked to grant an immediate dissolution of parliament.

(2) That His Excellency be asked to call upon the leader of the largest political group in form a government.

(3) That His Excellency be asked to summon parliament at the earliest practicable date for the purpose aforementioned.

"With respect to an immediate dissolution, it was felt that it was not in the interests of the country to occasion the turmoil and expense of another general election until at least parliament had been afforded an opportunity of giving expression to their views."

## Alaskan Volcanoes Active

Five Peaks Are Belching Dark Clouds of Smoke

Seattle, Wash.—The latter Alaskan, of the United States coastguard, reported here the greatest volcanic activity in the Alaskan peninsula and in the Alaskan Islands since Mount Katmai, on the peninsula of British Columbia, erupted in 1912.

Five peaks, one of which is Katmai, are belching dense clouds of smoke which hang over the craters in mushroom-shaped halos.

Prince Thron in Fox Hunt  
Leighton Buzzard, Bedfordshire, Eng.—The Prince of Wales has taken his first tumble from horseback since returning to England from his South African and South American journey. The fall came during an exciting fox hunt when the Prince's horse failed to take an awkward fence. The Prince was unhurt.

B.C. Gains By Seamen's Strike  
Vancouver.—Strike of seamen in British ports has had the effect of diverting orders for approximately 20,000 tons of newspaper to British Columbia mills. This could not have been possible but for the Canadian-Australian treaty which went into effect on October 1.

Engines Control Its Own Power  
Winnipeg.—After working on his invention for 60 years, John Smith, engineer, of Winnipeg, claims to have perfected a stationary engine capable of controlling and producing his own self-manufactured power. He has a perfect model for demonstration.

Marcell Wine in Bonaventure  
Quebec.—According to the latest information from Bonaventure County, Hon. Charles March has been elected by a majority of 600 over his Conservative opponent, Theodore Jaquet.

W. M. U. 1922

## Says Mining And Agriculture Linked

Mineral Development in Canada

Winnipeg.—Taking a long-sighted view and having regard to the ever-increasing mineral development with consequent exhaustion in time of the minerals of his older countries, it seems to me that nothing can stop Canada playing a prominent part in the future mineral production of the world," said Charles Camell, LL.D., F.R.S.C., federal deputy minister of mines.

Mr. Camell was the principal speaker at the seventh annual western meeting of the Canadian Institute of Mining and Metallurgy.

Another point stressed by the deputy minister was that the development of the mining industry would inevitably lead to the thorough agricultural development of the country.

Mr. Camell reviewed the mineral trade of Canada and declared the almost total loss of the United States to the world in general looking to Canada's mineral deposits as the last great source of the world. The world's ever-increasing need of minerals to meet the demand and the gradual exhaustion of Old World sources of supply are factors driving toward the early opening up of Canada's untapped mineral deposits, Dr. Camell declared.

## Subsidy On Coal Rates Urged

Mining Institute Convention Discusses Western Coal Trade

Winnipeg.—The enactment and enforcement of an anti-dumping law against foreign coal, a subsidy on coal rates if no other way of freight reduction is found, and the withdrawal from entry and pooling of all Crown coal lands under a commission to prevent exploitation and wasteful opening up of mines were among the remedies urged at the convention of the Canadian Institute of Mining and Metallurgy here.

"The Western Coal Trade" was the topic for discussion.

Trade Commissioner Howard Stinchfield, of Alberta, was among the speakers who strongly favored the anti-dumping. Mr. Stinchfield declared the looseness of regulations which has allowed the importation of several hundred mines of the "copper hole" type.

There were 322 mines in Alberta in 1921, producing only a little more than five per cent of the coal output of the province. The remaining 77 had produced the other 95 per cent. Alberta, he said, is bottled up with abandoned mines of this type.

Mr. Stinchfield believes it would be in the best interests of the province and conservation if many of the mines were consolidated.

## Not Building To Church

Says C.P.R. Has No Intention of Building Line to Hudson Bay

Winnipeg.—The company has no intention of building a line to Fort Churchill on the Hudson Bay, Dr. C. Coleman, vice-president of the railway line of the Canadian Pacific Railway here, when advised of a report that the C.P.R. planned the construction of a branch through The Pas.

A local paper, carried the report from its Ottawa correspondent and it said the "ultimate destination of the line would be Fort Churchill."

"There was," said Mr. Coleman, "a rumor made of a proposed project to build a line to Fort Churchill, but construction is not contemplated at the present time." Fort Lake is a mining district of Northern Manitoba, near The Pas.

## University Students Fined

Toronto.—Eighty-one University of Toronto students have each been fined five dollars by the university authorities for participating in a riot on Trinity College residence during which several charges of violence were made were driven from their beds by a stream of water from hose pipes.

## Captured By Chinese Bandits

Peking.—Information that two American agents are held by bandits at St. John's Lake, south of Hong Kong, has been received by the United States legation. It is understood that a United States destroyer and a Chinese ship are proceeding to the island.

## N. S. Coal Production

Gloucester, N. S.—Production at the collieries of the British Empire Steel Corporation reached almost half a million tons during the month of October, a total of 477,725 tons being shipped against 427,125 tons in September.

A Swedish scientist has invented a paint which changes color with advancing temperature.

## Canada's Prestige Abroad Increasing

Great Improvement Noted By President of Labor Congress

Ottawa.—"Canada's prestige is not only being maintained but it is being improved both in League of Nations circles and in the international labor office at Geneva," in connection with the league," said Tom Moore, president of the Trades and Labor Congress, on his return from a hurried trip to Geneva to attend the quarterly meeting of the governing body of the International Labor Office.

Apart from considerable activity in housing and railroad work, there does not seem to be any relief in the general unemployment situation in Britain, said the Labor leader.

Mr. Moore said he found an active interest among Canadians abroad in the prospects of the general election here. His comment on Canadian news, or lack of it, in British newspapers, however, was that one might almost have been in a foreign country so far as Canada was concerned. The only items he saw were quite inconsequential and conveyed little information.

## SAYS WEST WILL BE THE ARBITERS IN NEXT HOUSE

Montreal.—That "the people of the west will probably be the arbiters of power" in the next parliament was the opinion expressed here by Henri Bourassa, independent member of parliament for Labelle and proprietor of Le Devoir.

In commenting on the election, Mr. Bourassa added:

"We are going more and more towards a government by groups. It is more and more clearly necessary to send to parliament independent deputies."

"The country needs representatives who are better than blind partisans, people capable of freeing themselves from a spirit of party, of looking beyond local or provincial interest."

"As I have said over and over again, I do not mean to merely the deputy of a label, I will support any policy which has legitimately received the interests of the west and those of the east. I do not mean to be the man of a province or of a country."

Mr. Bourassa editorially declared that the elections appear, presently to have brought to a head a crisis for which there is as yet no solution.

"The situation," it says, "is alarmingly complicated by the fact that the man who is at the head of the largest parliamentary group has not succeeded in securing the election in Quebec of one single personal candidate, with the possible exception of Mr. Perley."

"We are at any rate in the midst of a crisis, with the perspective in no distant future of a new general election."

"The two outstanding facts of the campaign are probably the extent of the Conservative victory in Ontario with its numerous ministers, and the almost total failure of the Liberal King campaign in its province, both of which the results surpass the hopes of the victors."

## Wives Seek Equality

National Council of Women Want Equal Standing With Men

DETROIT, Mich.—Canadian delegates to the meeting of the National Council of Women here, reported a movement sponsored by the Canadian councils for a law which would establish the "equality" of wife with husband regardless of husband's earnings. The delegates said that a movement to put such a law on the statute books was under way in several Canadian provinces. A similar law is said to be in effect in Sweden, placing the housewife on an economic and legal basis with the bread-winner.

## October Sets Cold Record

Ottawa.—The month just passed has been the coldest October recorded in the last 36 years at the Dominion experimental farm, and it may that it has been the coldest over a still greater number of years, as this is as far as the records at the farm run. The mean temperature for the month was 38.9 degrees Fahrenheit against the average of 44.6.

## Thornton Sails For England

Montreal.—Sir Henry Thornton, chairman and president of the Canadian National Railways, sailed from New York on the liner Mauretania for a brief visit to England. Sir Henry, while in London, will deal with matters pertaining to the European interests of the Canadian National system, an official statement said at company headquarters as announced.

## FREE LEGAL AID IS A NECESSITY FOR THE POOR

Montreal.—Difficulties which confront the poor when in need of legal redress were dealt with in an address delivered by D. H. Corbett, secretary director of the Society for the Protection of Women and Children, before a Montreal conference on social work.

Mr. Corbett took the stand that under existing conditions the poor cannot get adequate justice before the courts, the reason being court fees and costs, which prohibited access to the courts by the poor, court delays and lawyers' fees.

To protect the poor and to save them from oppression, free legal aid was a necessary, he said. The lawyers' fees was a fundamental difficulty, he said, and countless thousands, being unable to pay these sums, were denied justice.

Freedom of Money Market  
British Government to Remove Embargo on Dominion Loans in London

Shedfield, England.—Winston Churchill, chancellor of the exchequer, in a speech here announced that the government had decided to remove the embargo on the issue of dominion, colonial and foreign loans in London.

"The old fund freedom of the money market will be restored," said the chancellor, and the city of London must be responsible for using it wisely and soberly. Over-lending, such as is usually done by the market, straitening in future credit, leading beyond our savings, will bring its own corrections," he stated.

He hoped so far as possible without impairing the freedom of the market, preference will be given to those loans bringing a high proportion of orders for goods to British trade."

## Apple Production in Canada

Statistics Show Value of 1922 Crop on Farm Is \$2,000,000

Ottawa.—In spite of the old adage, "an apple a day keeps the doctor away," Canadian per capita consumption of one of the most prolific products is only one-fifth of an apple a day.

This and other interesting things about the apple, its growth, cultivation and marketing were told to Ottawa horticulturists here by W. T. Macoun, the official apple tester for the Dominion.

It may not be widely known among Canadians, he said, that the statistics for 1921 show that in Canada 1,775,866 apple trees were in cultivation, which, containing 60 trees to an acre, would cover an area of 196,000 acres. In 1921, the apple production was 12,200,000 bushels of apples of all varieties valued on the farm at \$2,000,000.

## Crime in United States

Grant Is Blamed for Most of the Failures in Law Enforcement

Atlantic City, N.J.—More crime is committed each year in the United States than in the remainder of North America, and all of South America and Europe, exclusive of the Balkans and Russia, according to Chief Justice Marshall, of the Ohio supreme court.

The justice was addressing the middle Atlantic district of civilian clubs, and he gave them his opinions that most executives are actually elected on a basis of non-enforcement of law. His blamed direct grant for most of the failures in law enforcement.

## Protest to League of Nations

Berlin.—The Syrian colony in Germany has also a protest with the League of Nations against the barbarian and human slaughter in Syria "for which France as well as the League of Nations is responsible." The protest says the league has conferred upon France an "unconscionable and unjust mandate."

## B.C. Pioneer Dead

Vancouver.—Stephen T. Hall, 78, a British Columbia pioneer who held the post of express agent and postmaster at 160 Mile House in the Cariboo district in the days of the gold rush, died here recently. He was born in Halifax, N.S.

Mrs. A. C. Fraser, of Glenora, Alta., is his daughter.

## Ontario's Shipwreck Stage Manoeuvres

Sault Ste. Marie, Ont.—Sixteen ships of the Ontario Air Service on Oct. 25 flew formation over the city, the lowest they have ever flown in the presence of a number of distinguished visitors, including Hon. James Lyons, minister of lands and forests, and those department the air service is included.

## Schooner Brought From Arctic By Eskimos

Crew Was Very Prominent and Experienced Proves Successful

Montreal.—Tulane in the annals of Arctic navigation is the brigging down from Chesterfield Inlet, bordering on the 64th degree to Liverpool, N.S., a distance of nearly 3,000 miles, of a schooner, named "Tulane," which was brought by full-blooded Eskimos. The schooner, or Jean Reville, is a fur trading craft, belonging to Revillon Freres, of Montreal. It was built in 1873 and since then has plied the Arctic waters north and west of Chesterfield Inlet.

To overhaul the vessel it was necessary to bring it to civilization to Shelburne, N.S. In charge of Captain W. H. Robertson, a Newfoundlandian, and with C. J. King, Montreal, as engineer, the vessel left on August 1 with a crew of four Eskimos.

Taking the Hudson Straits route, the schooner plied its way through fierce gales. The whole journey was a perilous one, but the crew was successful.

Only three weeks later, the Jean Reville arrived at Liverpool, N.S., the captain, engineer and crew thankful that the voyage was nearly at an end. The crew is stated to have been very proficient, and the experiment proved successful.

It has never before been thought advisable to take Eskimos out of their own sphere, but this has proved that the feat can be done.

## Big Liner Battered By Waves

Gigantic Ship Encounters the Worst Storm of Its Career

Cherbourg, France.—Fifty or more passengers landed from the steamship Berengaria with bandaged heads, arms in splints or sprained legs. They had received these injuries on the voyage from New York in the most terrific storm in the captain's estimation, the ship had, earlier encountered in her ocean career.

The seas ran mountain high. One terrific wave caused the ship to stand on end, and some passengers and stowaways landed from the ship as it lay on its back were thrown violently off their feet.

The commander of the Berengaria said that in all his 32 years at sea he never had seen weather equal to that which met the vessel on Saturday.

The sea was very rough. The ship was battered by waves, and some passengers and stowaways landed from the ship as it lay on its back were thrown violently off their feet.

## U.S. DESTROYERS ARE ORDERED TO LEAVE FOR SYRIA

Alexandria, Egypt.—United States destroyers which had been lying here awaiting orders have left hurriedly for Beirut, Syria.

Paris.—The French legation in the recent Damascus troubles according to official advice reaching Paris, were cleared, and 50 wounded. The insurgents lost 200 killed. (This compares with previous unofficial reports estimating the deaths in the thousands.)

In addition, the dispatches say, the insurgents killed 50 Armenians and the French legation. The damage to property is estimated at \$1,250,000.

The reports emphasize the fact that no Europeans were wounded or hurt in any way.

The official account declared the trouble started on the night of October 18, when hooded gangs which had been operating in the outskirts entered the native quarters of the city, joined by the lower classes they overpowered the police and murdered European quarters.

## To Make Medical Survey

Would Entertain a Constant Supply of Practitioners For Canada

Montreal.—Many prominent medical men from various parts of Canada attended the fall meeting of the executive committee of the Canadian Medical Association. The committee decided to make a medical survey of the entire Dominion with a view to ascertaining the distribution of the medical profession. Coupled with this, was a decision to make a compilation of records of the annual supply of physicians throughout the universities. In order to ensure a constant and adequate number of practitioners for all Canada.

## France Trying Silver Fox Farming

Rouen, France.—Efforts to breed the silver fox in France are being pursued energetically. A course of lectures, with films illustrating the lives of captive foxes on Canadian farms, are to be given here. Trappers and breeders here from Canada declare the new-covered pipe forests of Northwestern France are ideal for raising the animals, and special preserves have been laid out.

## FRANCE TO TAKE STRONG STAND ON DISARMAMENT

London.—Now that security is in a fair way for settlement by the Locarno pact, the French are taking the lead in preparations for a disarmament conference, which will be called at Geneva under the auspices of the League of Nations early next year. They are impelled in this course by two motives, the strongest of which is financial.

The second motive is the growing revolt of young Frenchmen against conscription. The French propose coming to the conference authorized by the league to discuss the following points:

1.—A study of all military, economic or other conditions by which the power for war of any country can be determined. This means the French are willing to place a control on all military forces of any state unconditionally under the league.

2.—A study of the relative positions of the various countries, with the right to indicate how each power can be compensated for the inequalities of the present heavy armaments in case of sudden aggression. This means that the French are ready to throw into the league melting pot the disarmament conditions of the Versailles treaty.

3.—The establishment of a principle which would prevent any state from maintaining armaments and super-forces to those which the league could cover in its disarmament. It is said it breaks the league covenant. By this France would accept delimitation of its own armed forces by the league.

4.—A decision to be taken before February of next year. This indicates that the French desire immediate disarmament.

## Discover Rich Mine Field

Field of Lithia Ore Discovered North of Winnipeg

Winnipeg.—The story of the discovery and development of the richest field of lithia ore on the continent, and one of only four of the kind in the world, is being told at the convention of the Canadian Institute of Mining and Metallurgy which met here.

F. B. Evans, who crowned a career of 15 years of prospecting by the discovery of a rich field of lithia ore in the province, is speaking at the convention.

Other products include potash and aluminum and several rare ores, including tantalum, allied to the tungsten group, and used for electrical instruments.

The ore body lies at Point du Bois, north of Winnipeg, and is being developed by British capital. It is stated that 10,000 tons of ore valued at \$1,900,000 have been revealed up to the present by the stripping operation. Sixteen of ore representing the first shipment left for England recently. Construction of a factory to extract the ore and other products is being planned for next summer.

## Predict Potato Shortage

Unfavorable Weather Injures Crop of Tubers in Manitoba

Winnipeg.—Early frosts and generally unfavorable weather have brought havoc to the potato crop in Manitoba, and prices are hitting peak records. The retail price is now \$1.50 a bushel and it is possible that the \$2 mark will not be far off.

Thousands of bushels of potatoes have been left in the ground, while earlier in the season heavy shipments were made to United States consumers in the fall. The potato and today as a winter vegetable exists in this province. Importation will be necessary to fill the local requirements.

## Long Flight Of Mallard

Duck Released in Missouri Is Shot Near Co. Apple

Regina.—Five months ago, A. M. Moschler, of Century, Illinois, released a fine adult mallard duck, branded it with a leg iron and released it at Scholey Lake, Missouri.

Last month, R. W. Allen, the assistant city engineer, shot the same duck near Century, Illinois, and sent it to the department of national parks at Ottawa. Now he has received the thanks of the United States department of agriculture, and another incident in the compiling of the natural history of the North American continent was closed.

## Across Canada In 47 Hours

Vancouver.—Breaking all known records for long distance railroad travel, the new all-electric car of the Canadian National arrived here from Montreal in five hours less than three days. The car will be used for service in British Columbia.

## Saturday Specials

### Stop and Think!

Canada and the United States lose \$500,000,000 per year in fire waste. Every day there are:

- One hospital fire.
- Three printing plant fires.
- Four warehouse fires.
- Five church fires.
- Five school fires.
- Six departmental store fires.
- Eight public garage fires.
- Fifteen hotel fires.
- Three hundred and fifty-nine dwelling fires.
- Fire insurance saves nothing if merely distributes the loss.
- Fire protection saves something—at a high cost of upkeep.
- Fire prevention saves all—at little or no cost.

## Items of Local and General Interest

A woman named Mrs. Katie Grigoruk suicided at Natal on October 31st.

Mine-Rescue Car No. 1 is now stationed at Blairmore, in charge of Mr. Ed. Royle.

Owing to lack of quorum, the regular fortnightly meeting of the town council was not held this week.

Miss A. C. Carter and Master Jack Clark, of the local Royal Bank staff, spent Thanksgiving with friends in Calgary.

By a majority of 28, the ratepayers of Lethbridge voted to re-build the exhibition pavilion, which was destroyed by fire last spring.

Miss Sarah McVey, who is teaching in a rural school near Staveling, was home for the Thanksgiving holiday and returned to her post on Monday night.

Mr. and Mrs. V. Dorigo, of New York, who are enjoying a honeymoon trip through Western Canada, stopped off here for a few days and are registered at the Comopolitan.

We understand that Mr. Ringland, who for the past three seasons has been ice-maker for the Coleman Arena and Curling Club, has accepted the position of ice-maker for the Blairmore arena for the approaching season.

John W. Barnett, general secretary of the Alberta Teachers' Alliance, who had been in attendance at the convention of teachers of the Foremost, Macleod and Lethbridge inspectorates at Lethbridge, spent the weekend in Blairmore, returning to Edmonton via Medicine Hat on Monday.

A most enjoyable whist drive and dance was held in the Lodge Hall last night by the members of Crowfoot Rebekah Lodge. Twenty tables were in play, the prize winners being: ladies' first, Miss Jean Shearer, second, Mrs. Wolmerley, consolation, Miss Irene Kafoury; gent's first, W. J. Lord, Jr., second, Mrs. Neville, consolation, P. Christophers. A splendid supper was put on by the ladies, after which dancing was indulged in for a couple of hours, everybody reporting a good time.

Here's another pill for the members of the Blairmore school board, who will dare to insist that the 'Alberta Teachers' Alliance is not recognized by the provincial department of education. During the past week about twelve conventions of teachers were held throughout the province. The dates and other arrangements for these conventions are set by the department of education and an invitation was extended by the department to the Alliance to have a representative at each of the twelve conventions.

The death of Mrs. Florence Locke occurred suddenly at Coleman on Thursday morning last. She leaves to mourn her loss a sorrowing husband, Mr. Percy Locke, and young daughter, besides her parents, Mr. and Mrs. J. Hopkins, her two sisters, Mrs. E. Phillips and Mrs. Walter Nelson, and two brothers, Jack and William Hopkins, all of Coleman. Deceased was highly regarded by all who knew her. She was a member of the Pythian Sisters Lodge, Progressive Temple No. 3, and also connected with the Coleman Rebekah lodge. Funeral services were held on Sunday afternoon at St. Albans church, and interment took place in the family plot in the Protestant cemetery.

**LADIES! THE PYTHIAN SISTERS** invite you to their sale of work to be held in the Lodge Hall on Wednesday, November 10th, from 2 to 6 p.m. You will find a wonderful array of Useful and Fancy Goods, reasonably priced, suitable for gifts. You will also find a Tea Room, where you will be sure to meet your friends.

Mr. Alex. Cameron has been confined to his room at Coleman through illness.

Mr. L. Massey left by Monday night's train for Big Valley, where he will reside for a while.

Girls are advised to keep away from Toronto, where a very serious marriage epidemic has broken out.

During the past seventeen years sudden deaths of newspapers at Edmonton have been almost as prevalent as at Coleman.

The annual ball of the Blairmore Golf Club, held last night at the Greenhill Grill, was very largely attended and most successful.

The Western News, which has been issued seventeen times from the office of publication, 10010 102nd Street, Edmonton, has suspended publication.

The regular meeting of Crowfoot Rebekah Lodge on Thursday night last was addressed by Bro. A. E. May, of Edmonton, past grand master of the provincial I.O.O.F.

Members of the local orders of the I.O.D.E. and Red Cross assembled at the local cemeteries on Wednesday forenoon and placed floral tributes on the graves of departed war heroes.

William Bagley, of Seattle, Wash., the last of the five bandits to be convicted of complicity in the holdup of the Nanaimo, B.C., branch of the Royal Bank of Canada, was last week sentenced to ten years' imprisonment, coupled with twenty lashes. His accomplices all received eight-year terms and twenty lashes.

In the Hillcrest United church on Monday evening next, Capt. A. J. Brace, returned missionary from China, will deliver an illustrated address on China. The meeting will commence promptly at 8 p.m. Capt. Brace is a very forceful and convincing speaker and those who are able to hear him will be treated to a most illuminating lecture.

The members of the I.O.D.E. wish to thank all those who contributed in any way towards the memorial service held in the opera house on Monday, November 8th, under the auspices of the I.O.D.E. and G.W.V.A. and which was such a success. They also wish to thank those who purchased poppies and in this way helped to swell their Memorial Fund, as well as aiding the crippled veterans who made them.

Greenhill Temple, Pythian Sisters, are holding their bazaar in the Lodge Hall on Wednesday, November 10th, from 3 to 6 p.m. There will be plain and fancy sewing, aprons and candles. Home baking and tea will be served. In the evening the third of the series of whist drives will be held at 8 sharp. Good prices, good eats and good music. If you enjoyed yourself last time, come again this time and bring your friends. Everybody welcome.

### NOTICE TO CREDITORS AND CLAIMANTS

IN THE DISTRICT COURT OF THE DISTRICT OF MACLEOD

IN THE MATTER OF THE Estate of Isabelle Petrie, late of Bellevue, in the Province of Alberta, widow, deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the Estate of the above-named Isabelle Petrie, who died on the 15th day of August, 1925, are required to file with Frederick Wolstenholme, of Bellevue, in the Province of Alberta, on or before the 7th day of December, A.D. 1925, a full statement, duly verified of their claims, or of any security held by them, and after that date the Executor will distribute the assets of the deceased amongst the parties entitled thereto, having regard only to the claims of which notice has been so filed, or of which have been brought to his knowledge.

DATED at Bellevue, in the Province of Alberta, this 7th day of November, A.D. 1925.  
**OSTLUND & BROWN,**  
Lethbridge, Alberta.  
Solicitors for the Executor.

There are probably just as poor fish in the sea as some married women have caught.

A special Armistice Day service was held in St. Luke's Anglican church last evening.

Mar Poy has finally located and has taken over a restaurant and store business at Magrath.

Carl Smith was fortunate in securing a fine deer last week end in the vicinity of the Screwdriver Range.

American soft coal has been offered the Newfoundland market at \$10.50 per ton, in competition with North Sydney coal at \$10.87.

Greenhill Temple, Pythian Sisters, will hold a whist drive and social in the Lodge Hall on Wednesday night next.

Messrs. Linville and Bulman returned last week end from a successful deer-hunting trip up the North Fork. They landed two fine specimens.

A. J. Pitt met with a painful accident on Monday when an axe he was using was misdirected and entered the fleshy part of his left hand between the thumb and forefinger.

G. G. Henderson, of Fernie, B.C., special commissioner under the Home Bank Relief Act, spent Monday and Tuesday in town, conferring with depositors of that defunct institution.

Mr. A. Hamilton, who for the past few months has been filling the office of sales agent for West Canadian Collieries' coal in Manitoba, with headquarters in Winnipeg, is back on a visit to his family here.

In the Lethbridge Herald road race on Monday, Freddie Lees, of Coleman, obtained second place, finishing the three miles but four seconds behind Elmer Scott, of Medicine Hat. The time was Scott 17:48, Lees 17:52. Lees has held the Herald-cup for two successive seasons and his followers in The Pass confidently expected him to land the trophy for keeps this time.

W. N. Donaldson, of Coleman, has arrived in town and has opened up a tailoring business next to the Canadian Cafe on Deer Park Avenue. Mr. Donaldson has been a resident of Coleman for some years and comes well recommended as a competent and reliable tradesman. Mrs. Donaldson and daughter, Margaret, will remain in Coleman until the spring.—Kimberley Press.

Blairmore is perhaps noted for its immense places of business. James Amatop a few days ago was obliged to have a carpenter remove the door facings to permit the passing in of a 6 by 7-inch box of Wyley's chewing gum. Another one on Jim is that one of those big Hillcrest ladies entered safely the other day, but after being served a bottle of ginger ale and sack of popcorn the door facing had to be taken off again.

Michel Ross, last week reported killed in an auto accident near Vancouver, arrived here on Monday night to bid good-bye to his friends before leaving for that other world. Mike doesn't say what vocation he purposes following there, but rustling the kindling wood and churning the fagots will likely be assigned to him. Mike will go by way of New York, passing up Chicago, as he needs no further schooling. From New York he will cross the pond to Great Britain, thence to France, Belgium and Italy. Mike has had a venturesome career and it is only slightly over a year that Vancouver papers reported him having suicided.

**MEN! THE PYTHIAN SISTERS** are serving a special Tea for you from 4.30 till 6 p.m. at their Sale of Work to be held in the Lodge Hall on Wednesday, November 10th. LET'S GO!

POZZI, Building Contractor, Blairmore.

### Gotter and How to Prevent It!

Many children under 18 years have gotter, little girls of both sexes suffer, yet millions of both sexes suffer from it. It is a disease that attacks the gutters, impairs health, deforms bodies, shatters nerves.

Gutter is caused by the lack of nature's iodine in the foods that we eat, often times, the water (which is a great supplier) does not contain enough to do any good. This means the lack of iodine in the mysterious thyroid gland of the throat—then gotter. Why not guard yourself against such risks, why not protect you, your girl, your self, perhaps, by the use of that famous BRUNSWICK DULSE.

So high medical authorities urge its daily use. They have proved that BRUNSWICK DULSE will supply sufficient iodine to the mysterious thyroid gland so that practically all danger is eliminated. Keep it handy, in your pocket, eat it anywhere, anytime.

BRUNSWICK DULSE is a tasty food with a flavor all its own, first grown and washed by that salty brine of the ocean, then specially picked and cured, just a leaf, but Oh, how it can protect that body of ours. It has been used by the people of the east for centuries, truly one of nature's own.

Now if your grocer cannot supply you write direct to us enclosing ten cents for a small packet of the package. Island Dulse Company, Saint John, New Brunswick, Canada. [alt]

A small bird, known as a tickle, was recently killed in Newfoundland and was found to bear a tag and ring put on in England on the 28th of June, 1923.
